

SUCCEED

Summer Center for Climate, Energy and
Environmental Decision-Making

Summer Teacher Workshop

August 8-9th, 2013

Science teachers interested in enhancing their understanding of climate topics and in developing a Learning Module for use in the classroom are invited to CMU's campus for a workshop. The workshop features sessions on:

Climate
Current Energy Systems
Future Energy Systems
Policy and Personal Actions
Career opportunities for their students

Look on the back for more
information

For: The SUCCEED Teacher Workshop is open to STEM teachers in the Pittsburgh area. Experience with 9th and 10th graders is preferred. Selection preference may be given to Environmental Science teachers. The workshop is limited to 10 participants.

Credits/Stipend: Teachers receive free lunch, \$200 stipend, and 12 hours of Act 48 credit

When: August 8-9th, 2013, Thursday & Friday, from 10am – 5:00pm

Where: Carnegie Mellon University Campus

By: Volunteering PhD students and professors from Carnegie Mellon University's department of Engineering & Public Policy

Application deadline: May 1st, 2013. Participants will be notified by May 20th.

Apply online: <http://cedm.epp.cmu.edu/succeed-choice2013.php>

Contact: Steve Gradeck, succeed-2013@lists.andrew.cmu.edu or (412) 268-6657

By the end of the workshop, teachers will have developed a basic learning module for one of the above topic areas.
