

**CEDM Annual Meeting 2016**  
**Remote Connection Information**  
May 23<sup>rd</sup> – 24<sup>th</sup>

---

We will be using Blue Jeans to connect our remote attendees. Blue Jeans allows for users to present, connect, view presentations, and discuss in real time over the internet or phone. We highly encourage all remote attendees to use the weblink in order to view presentations in real time along with video of the presenters. There will be two phone connection options as well for those with poor internet service.

If you are presenting remotely, please schedule a time to test with Elisabeth Udyawar prior to the meeting to test the connection and show the various features of the program. If you will not be presenting, you can still schedule a test with Elisabeth should you desire. Please email her at [ebass@cmu.edu](mailto:ebass@cmu.edu) to do so.

Please do mute your microphone upon connecting to the meeting and unmute when asking a question or engaging in discussion.
