

CEDM Annual Meeting 2017
Remote Connection Information
May 24th-25th

We will be using Blue Jeans to connect our remote attendees. Blue Jeans allows for users to present, connect, view presentations, and discuss in real time over the Internet or phone. We highly encourage all remote attendees to use the web link in order to view presentations in real time along with video of the presenters. There will be two phone connection options as well for those with poor Internet service. You can schedule a test with Elisabeth should you desire. Please email her at ebass@cmu.edu.

Please remember to mute your microphone upon connecting to the meeting and unmute when asking a question or engaging in discussion.

Wednesday, May 24
9:00am – 4:15pm

To view presentations, video, and audio concurrently, use the following web link:

<https://bluejeans.com/389286130>
